

**MOLECULAR****DIAGNOSTICS AND THERAPY**

...where technology meets patient care

Dr. Ramya Soundararajan

Consultant Physician, Nuclear Medicine

MBBS - Thanjavur Medical College, Tamil Nadu (2003-2009)

MD in Nuclear Medicine - All India Institute of Medical Sciences

(AIIMS), New Delhi (2010-2013)

Senior Residency in Nuclear Medicine - AIIMS, New Delhi (2013-2016)

About

Dr. Ramya Soundararajan is a Consultant Physician in Nuclear Medicine with more than 11 years of experience in advanced imaging and related radiological therapies. Dr. Ramya has pursued her MBBS from Thanjavur Medical College and MD in Nuclear Medicine from AIIMS New Delhi, completing her three-year Senior Residency from AIIMS New Delhi.

Dr. Ramya is interested in molecular imaging in oncology, endocrinology, and pediatric functional imaging. She has contributed vastly to her field by having 40 international publications, 10 of which are in nuclear endocrinology, in addition to her numerous presentations in national as well as international conferences. Her expertise in PET & SPECT molecular probes, in addition to her experience in radionuclide therapy, enables her to treat her patients in a precise manner.

In Molecular Diagnostics and Therapy, Dr. Ramya's commitment to excellence and passion for improving the field of nuclear medicine render her a precious asset to the organization, which aims to offer the best possible diagnostic and therapeutic support.
