

**MOLECULAR****DIAGNOSTICS AND THERAPY**

...where technology meets patient care

Dr. Shruti Tulsyan

Senior Consultant – Nuclear Medicine

MBBS, MD – Nuclear Medicine

(AIIMS, New Delhi)

About

Dr. Shruti Tulsyan is a highly experienced Nuclear Medicine Consultant at Molecular Diagnostics and Therapy with more than 8 years of work experience in the professional field of advanced diagnostic and therapeutic nuclear medicine. She is credited with good clinical sense, accuracy in reporting, and a patient-centred practice. Her skills are essential in assisting oncologists and physicians in proper molecular imaging to diagnose, stage and monitor treatments at the early stages of treatment.

She completed an MBBS degree in Kathmandu Medical College, Nepal and proceeded to an MS degree in Nuclear Medicine in the All-India Institute of Medical Sciences (AIIMS) in New Delhi, which is one of the most honoured medical colleges in the country. She became a Senior Resident of BLK Super Speciality Hospital, Delhi, and later on a Consultant and Head of the Department of Nuclear Medicine at Nuclear Healthcare Pvt. Ltd., Delhi, after being trained. She has worked with Molecular Diagnostics and Therapy since 2019 and has worked hard to advance and improve the services of nuclear medicine.

Dr. Shruti Tulsyan is very experienced in PET-CT imaging, SPECT-CT imaging and numerous other advanced nuclear medicine procedures, including therapies with Lu-177 PSMA, radioiodine therapies and PRRT. Her contributions to academic research have also been made in several national and international publications. She continues to offer quality diagnostic and therapeutic care at Molecular Diagnostics and Therapy, and is very dedicated to clinical excellence, patient safety and care.
