

**MOLECULAR**

DIAGNOSTICS AND THERAPY

...where technology meets patient care

## Dr. Nikunj Jain

MBBS (MAMC, Delhi), DRM,

DNB (Nuc. Med.), FEBNM, FANMB, Dip. CBNC

Co-Founder & Managing Director

## About

Dr. Nikunj Jain is the Co-Founder & Head of Nuclear Medicine at **Molecular Diagnostics And Therapy & Molecular Path Labs**. Dr. Nikunj Jain has more than 18 years of rich experience in the area of Nuclear Medicine. Dr. Nikunj Jain has done over 70,000 PET-CT scans & extensive types of Gamma Scans.

Dr. Nikunj Jain began his medical studies at **Maulana Azad Medical College** in New Delhi, one of the most prestigious medical institutions in the country; he completed his course with distinction. Afterwards, he advanced his academic pursuits in his area of expertise, Nuclear Medicine, at the Institute of Nuclear Medicine & Allied Sciences (INMAS, DRDO), one of the most prestigious institutions, obtaining a "Diploma in Radiation Medicine (DRM)," in addition to "Diploma of National Board (DNB) in Nuclear Medicine" from one of the best organizations in the country, with the first cyclotron in the whole country.

Dr. Nikunj Jain is the recipient of various top-level fellowships like FEBNM (European Board of Nuclear Medicine), FANMB (Asian Nuclear Medicine Board), and Dip CBNC (USA Board of Nuclear Cardiology), and his specialization of nuclear medicine reflects his deep contributions and efforts in the field of nuclear medicine, where he has been responsible for the development of diagnostic and therapeutic imaging services.

He is an established academician with more than 100 publications to his name, two published book chapters, and many awards for his contribution to nuclear medicine. His vision at Molecular Diagnostics and Therapy is changing the way cancer is being diagnosed and treated, due to his efforts to make quality healthcare affordable for patients, not just in India but across the globe. Dr. Jain is the pioneer with his approach to nuclear medicine to change lives through his vision.
