

**MOLECULAR****DIAGNOSTICS AND THERAPY**

...where technology meets patient care

Mr. Aviral Gupta

Director - Operations and Finance
Bcom(Hons.)

About

Aviral Gupta serves as the Director of Operations and Finance at Molecular Diagnostics and Therapy, a major division of Vitrana Healthcare LLP. He is an expert in advanced diagnostic imaging and nuclear medicine. Since the day of his entry into the organization, he has played a major part in the development of the operational structure of the organization, with a strengthened finance system of the organization.

With a strong background in finance management and management strategies, Aviral has successfully managed a client base consisting of 500,000+ patients, incorporating key operational efficiency measures. His passion to optimize resources and innovate processes has been a crucial factor in his efforts to make the services offered by Molecular Diagnostics and Therapy more affordable for patients.

Aviral Gupta finished his studies at Christ University, where he graduated with the skills to implement his entrepreneurial acumen in his work. He utilizes skills gained from other positions, such as the founding of Entrepreneurship Development Consortium (EDEC) and TEDx Christ University, to his benefit in his profession.

At present, Aviral is leading the expansion strategies for the company, which include the emergence of multiple new facilities in the coming years. His vision is largely concentrated on amplifying the reach of nuclear medicine diagnosis facilities in India.
