

**MOLECULAR****DIAGNOSTICS AND THERAPY**

...where technology meets patient care

## Mr. Krishan Yadav

Vice President, Pathology

Executive Program in Strategic Management -

Indian Institute of Management, Lucknow

MBA - Sikkim Manipal University

### About

Mr. Krishan Yadav is presently working as the Vice President of Pathology for Pathology of Molecular Diagnostics and Therapy. Mr. Yadav brings a huge experience to the company. Mr. Yadav has experience in managing years of operation in the healthcare department and is a vital part of the team to ensure higher standards are met in pathology.

Educational qualifications of Mr. Yadav include the Indian Institute of Management's prestigious executive program in strategic management at Lucknow. Additionally, his MBA degree from Sikkim Manipal University increases his efficiency to optimize business process development. His skills inventory for the development of strategies enables the pathology department to be managed efficiently.

In this role, Mr. Yadav encourages a teamwork and supportive environment in his workplace. Consequently, the team is always striving for the highest quality in order to ensure the mission undertaken by Molecular Diagnostics and Therapy is accomplished. Mr. Yadav is a well-known leader in his field for his dedication to operating with the utmost honesty and care for patients. He has greatly contributed to the mission of the company to provide quality diagnostics.
